

Resource Efficiency
and Circular Economy
Industry Coalition

2nd Edition

GLOBAL SYMPOSIUM & AWARDS ON RESOURCE EFFICIENCY & CIRCULAR ECONOMY

APRIL 20 - 21, 2026

Venue: Hotel Shangri-La, New Delhi

BACKGROUND

FICCI has been a national frontrunner in advancing circular economy principles since 2017, working with government, industry, academia, and global partners to drive policy action and build a robust circularity ecosystem in India. In 2023, under India's G20 Presidency, FICCI was entrusted with hosting the Secretariat of the **Resource Efficiency & Circular Economy Industry Coalition (RECEIC)**—a first-of-its-kind global, industry-led platform advancing collaborative, high-impact circularity initiatives.

Building on this legacy, 2024 marked the launch of the **RECEIC Global Symposium & Awards**, bringing FICCI's long-standing circular economy efforts onto a global stage. The inaugural edition drew exceptional participation from **130+** organisations, **240+** delegates, and **50+** expert speakers across 10 high-level sessions, and recognised **14** pioneering innovations across six categories. Strong support from NITI Aayog and the Ministry of Environment, Forest & Climate Change further cemented the platform's position as a leading global forum for resource efficiency and circular economy action.

Anchored in this momentum, the **2nd RECEIC Global Symposium & Awards** aims to deepen insights, strengthen industry-government collaboration, and accelerate practical, scalable pathways that advance India's circular transition while contributing to global circularity goals.

The symposium will be driven by the theme "**Co-Creating Circular Future: Policy, Partnerships & Implementation Pathways**" and focuses on bringing government, industry, and knowledge partners together to translate circular economy policies into on-ground action. It emphasizes collaborative models, cross-sector partnerships, and practical implementation frameworks that accelerate India's transition toward a scalable, future-ready circular ecosystem.

ABOUT RECEIC

Resource Efficiency and Circular Economy Industry Coalition (RECEIC) - launched during India's G20 Presidency. RECEIC is a G20-centric, industry-led coalition—first of its kind—focused on accelerating circular economy and resource efficiency transitions across sectors. It is a high-level, independent, and self-sustaining initiative, inclusive of global stakeholders and aligned with G20 dialogues. FICCI serves as the secretariat for this coalition, which currently includes 58 member industries and is guided by a 15-member Steering Committee.

PROGRAM FOCUS

Co-Creating Circular Futures:
Opportunities and challenges in
Global Transition

Beyond Landfills: Reimagining
India's Resource Recovery
Future

**Accelerating Circularity in India's
Textile & Apparel Sector**

**Circular Solutions for Dry Cell
Batteries:** Reimagining
End-of-Life Management

Material Transition Pathways for
Chemical Industry - Building a
Bio-based material value chain

**Accelerating circular transition
in states:** Policies &
implementation perspective

Funding the Future: Financing
Models for Circular Innovation and
Scale-Up

**Built Infrastructure & Circular
Economy** – Designing India's
Low-Carbon, Resource-Smart Future

**Transforming the Used Oil Value
Chain:** Partnerships for a
Circular System

Sustainable Packaging: Industry
Strategies, Collaborative Actions &
impact

**Eco labelling as enabler to
promote circularity:** Challenges
and the next steps

Circular Solutions spotlight:
Global Resource Efficiency and
Circular Economy Award winning
case studies

TOP REASONS TO ATTEND

NETWORKING

Opportunity for delegates to
engage with stakeholders from
sustainability space

GLOBAL FOCUS

With assured presence of global
industries and institutions +
Deliberations on
National/International priorities

ACTION DRIVEN APPROACH

Drive actions through on ground
implementation/ policy reforms

COLLABORATION OPPORTUNITIES

Explore partnership opportunities
through working groups/ projects

THOUGHT LEADERSHIP
Gain insights from key Findings
of position papers

INDUSTRY LED AND ENGAGEMENT DRIVEN

Industry taking lead to curate
sessions for assured takeaways

LEARNING FROM BEST PRACTICES/ CASE STUDIES

Learn from award winners, international
institutions and industry stalwarts

JOIN US AS

Delegate:
Attend the symposium, network with industry leaders, and gain valuable insights.

Session Partner/Host:
Curate & lead a session with us and shape the dialogue on resource efficiency and circular economy.

Partner/Sponsor:
Showcase your brand and support innovative initiatives by partnering with us.

Speaker:
Nominate yourself or anyone else to speak at one of our impactful sessions.

Award Applicant:
Apply for the prestigious Global Awards in Resource Efficiency and Circular Economy.

REGISTRATION FEES

RECEIC Members/ FICCI Members

Rs. ₹4000 + GST

FICCI Non Members

Rs. ₹5000 + GST

International Delegates

USD \$100

FOR REGISTRATIONS: <https://receic.ficci.in/cesDelegateRegistration/index.php> 

EARLY BIRD DISCOUNT
(30 DAYS BEFORE EVENT)
10% ON REGISTRATION FEES

GROUP DISCOUNT
UPTO 3: 10%
5 OR MORE: 15%
